RAINBOWS FROM ABOVE

KAMCHATKA FLY-OUT LODGE

new rivers, new adventures

We are pleased to offer Kamchatka's first full Fly-Out program: Rainbows From Above Fly-Out Lodge. Strategically located on beautiful Two Yurt Lake, we have access to dozens of untouched trophy trout streams within 30 miles of the Lodge. While the rivers of Alaska are flooded with fisherman, our rivers are flooded with fish and just waiting to be explored. Forget jumping into a plane at the crack of dawn to arrive second, third or fourth in line. The amount of remote wilderness available to us is outrageous. We have an exclusive 49-year lease as the only outfitter allowed within hundreds of square miles of our Lodge.

At the Best of Kamchatka we hand-craft every remarkable adventure we offer. You and three other lucky anglers will have private use of our leased MI-2 helicopter. Access is the key and there is no better way than flying to the river by chopper. Each night we will pour over the map of northern Kamchatka discussing the possibilities and your ambitions for the following day. Would you like to fish a river with lots of braids and back channels? No problem! Want a little river with abnormally large fish? It is yours! Perhaps begin the morning catching 5-10 pound Dolly Varden every cast and finish the day casting to rising native 20-inch Rainbows? Let's do it! Soon to be famous rivers such as the Kalgauch, Starichok, Shishey and Levaya are only a short flight away. These rivers are completely untouched and unfished. We simply have 'varying degrees of great' from which to choose.

Each day you, three other anglers, and your American Guide will have the time of your lives sampling a wide range of unique river systems and incredible fisheries. This trip is the ultimate in exclusive. Our day is catered around your ability to wade the streams. You may choose to walk three miles or just 400 yards of river; our helicopter can pick you up just about any place you stop.

Two Yurt Lodge is located in one of the most beautiful valleys in all of Kamchatka. Imagine having your own private Brooks Lodge in Katmai National Park. Well, this is it. We have a wonderful facility that includes private cabins, natural hot springs, bear viewing platforms and a lake full of Salmon and Char. Two Yurt Lake Base Lodge was featured in National Geographic Magazine as one of the most important Sockeye Salmon and Brown Bear areas on Kamchatka. Flights into the nearby mountain valleys provide breathtaking panoramic displays: Tamarack and Birch forests, waterfalls, snow-capped mountains, glimpses of glaciers and tarns, and Salmon-rich gin clear streams.

Our pilots have an average of 25 years of experience flying on Kamchatka; safety is our number one concern. Each day both our pilots and on-site engineer ensure the helicopter is running perfectly. The twin engine MI-2 stays with your group the entire time and is designed to carry as many as eight passengers plus the pilot.

MI-8 SPECIFICATIONS

HEIGHT	5.65 m 18'6"
WIDTH	2.5 m 8'2"
WEIGHT	6,990 kg 15,410 lbs

In 2007 we tested this program and our customers described the Rainbows From Above Lodge as the ultimate Kamchatka fly-fishing experience. This area is the sweet spot of Kamchatka Trout Angling. We currently operate two stand-alone successful and proven programs in the area: Ozernaya Spring Creek Jet Boat Lodge and Two Yurt River Float. Even if you have been to Alaska or Kamchatka before, our Fly-Out Lodge is an entirely new experience. Come see for yourself and experience the secret places Kamchatka has to offer.

WHAT YOU CAN EXPECT DURING YOUR STAY AT RAINBOWS FROM ABOVE FLY-OUT LODGE:

- Four Angler Maximum
- Private Cabins
- Private Bath
- Private Hot Springs
- Private Bear Viewing
